LA NOSTRA STORIA

OUR STORY

Chioscomobile, rappresentata in esclusiva per l'Italia da MVS srl, è una divisione di MCP SH.P.K, azienda con oltre 25 anni di esperienza nel mondo della resina e materiali compositi, che è nata con l'intento di creare un catalogo aftermarket al mondo del racing, raggiungendo in poco tempo, i maggiori mercati europei di settore e affermandosi grazie alla costanza e qualità dei prodotti.

Considerata l'esperienza acquisita nell'automotive, negli anni successivi sono stati allargati gli orizzonti entrando di fatto, con ottimi risultati, in svariati settori tra cui quello della nautica da diporto e yacht, edile, agricolo, food, parchi acquatici, ecc... La nostra politica di miglioramento del prodotto, ricerca e sviluppo dei materiali è l'elemento di forza sulla quale i nostri clienti fanno affidamento dal 1995; inoltre nel 2018 l'inaugurazione del capannone di proprietà, con una superficie di 15000mq ci ha permesso di incrementare la capacità produttiva ottimizzando i tempi e mantenendo gli standard qualitativi che ci hanno sempre contraddistinto.

Chiosco Mobile, represented in Italy in exclusive by MVS S.r.l., is a division of the M.C.P. SH.P.K., a company with over 25 years of experience in the world of the fiberglass and composite materials, born with the purpose of creating an aftermarket catalogue respect to the racing world, reaching quickly the main european markets and establishing finally in it thanks to his perseverance and the quality of his products. After taking into consideration the experience achieved in the automotive world, in the following years the main purpose has been to broaden the horizons entering in other industry markets like boating and yachting, buildings, agricultural, food, water park...

Our company policy of Product Improvement, and the Research & Development studies, regarding the raw materials and the consume products, are our strong points and the reason why our customers rely on us since 1995. Moreover, in 2018 the launch of our new seat of production, with 15000 mq of surface, has allowed us to improve our manufacturing capacity, optimising times though mantaining the quality standards which have always distinguished ourserlves.

STORIA STORY

2007

Viene creata la divisione chiosco mobile per aprire nuovi mercati e dare possibilità di esprimere la propria tradizione e cultura nel cibo da strada.

.....

The Chiosco Mobile division has been set to open up new markets and give the possibility to express own culture and tradition through the street food.

2011

Visto l'enorme successo, nasce il chiosco "Dream", un nuovo chiosco con la filosofia dello Speedy ma con gli spazi interni maggiorati rispetto alla versione precedente.

.....

After this great success, the Dream kiosk has been created, a new kiosk with the same philosophy of the Speedy kiosk but with more saved space respect the previous one.

2015

Data l'esigenza di creare attività di food & drink completa, nasce il chiosco "Dynamic", che con le sue misure da modo di creare un'attività efficiente e polifunzionale mantenendo la comodità che contraddistingue i nostri food truck.

.....

Since the need of creating a full food & drink business, has born the Dynamic kiosk: this kiosk, in fact, thanks to his sizes has given the possibility to set an efficient and multifunctional business, without losing the comfort which differentiates our food trucks.

2022

Prende vita il Dream UP, la versione del Dream con pistone idraulico. Inoltre viene lanciato il modello Sunny.

.....

Dream Up comes to life, a Dream version with hydraulic lifting system. Moreover the Sunny model has been launched.

2008

Nasce il primo modello, chiamato "Speedy", chiosco versatile ed economico che attira subito l'attenzione per via delle sue svariate personalizzazioni.

.....

The first model called "Speedy" has born, a versatile and cheap kiosk which catches immediately the customers' attention thanks to his differents customisations.

2014

Nasce il chiosco "Florens" che riscuoterà un successo enorme per la sua eleganza e versatilità dando visione a 360°.

.....

"Florens" kiosk has born, which will have immediately a huge success with his elegance and adaptability, giving a 360° view to the business.

2018

Unendo l'eleganza del Florens, e la versatilità del Dream, nasce il chiosco Dream Cup.

.....

The Dream Cup has been created by joining the Florens' elegance and the Dream's adaptability.

2023 - 2024

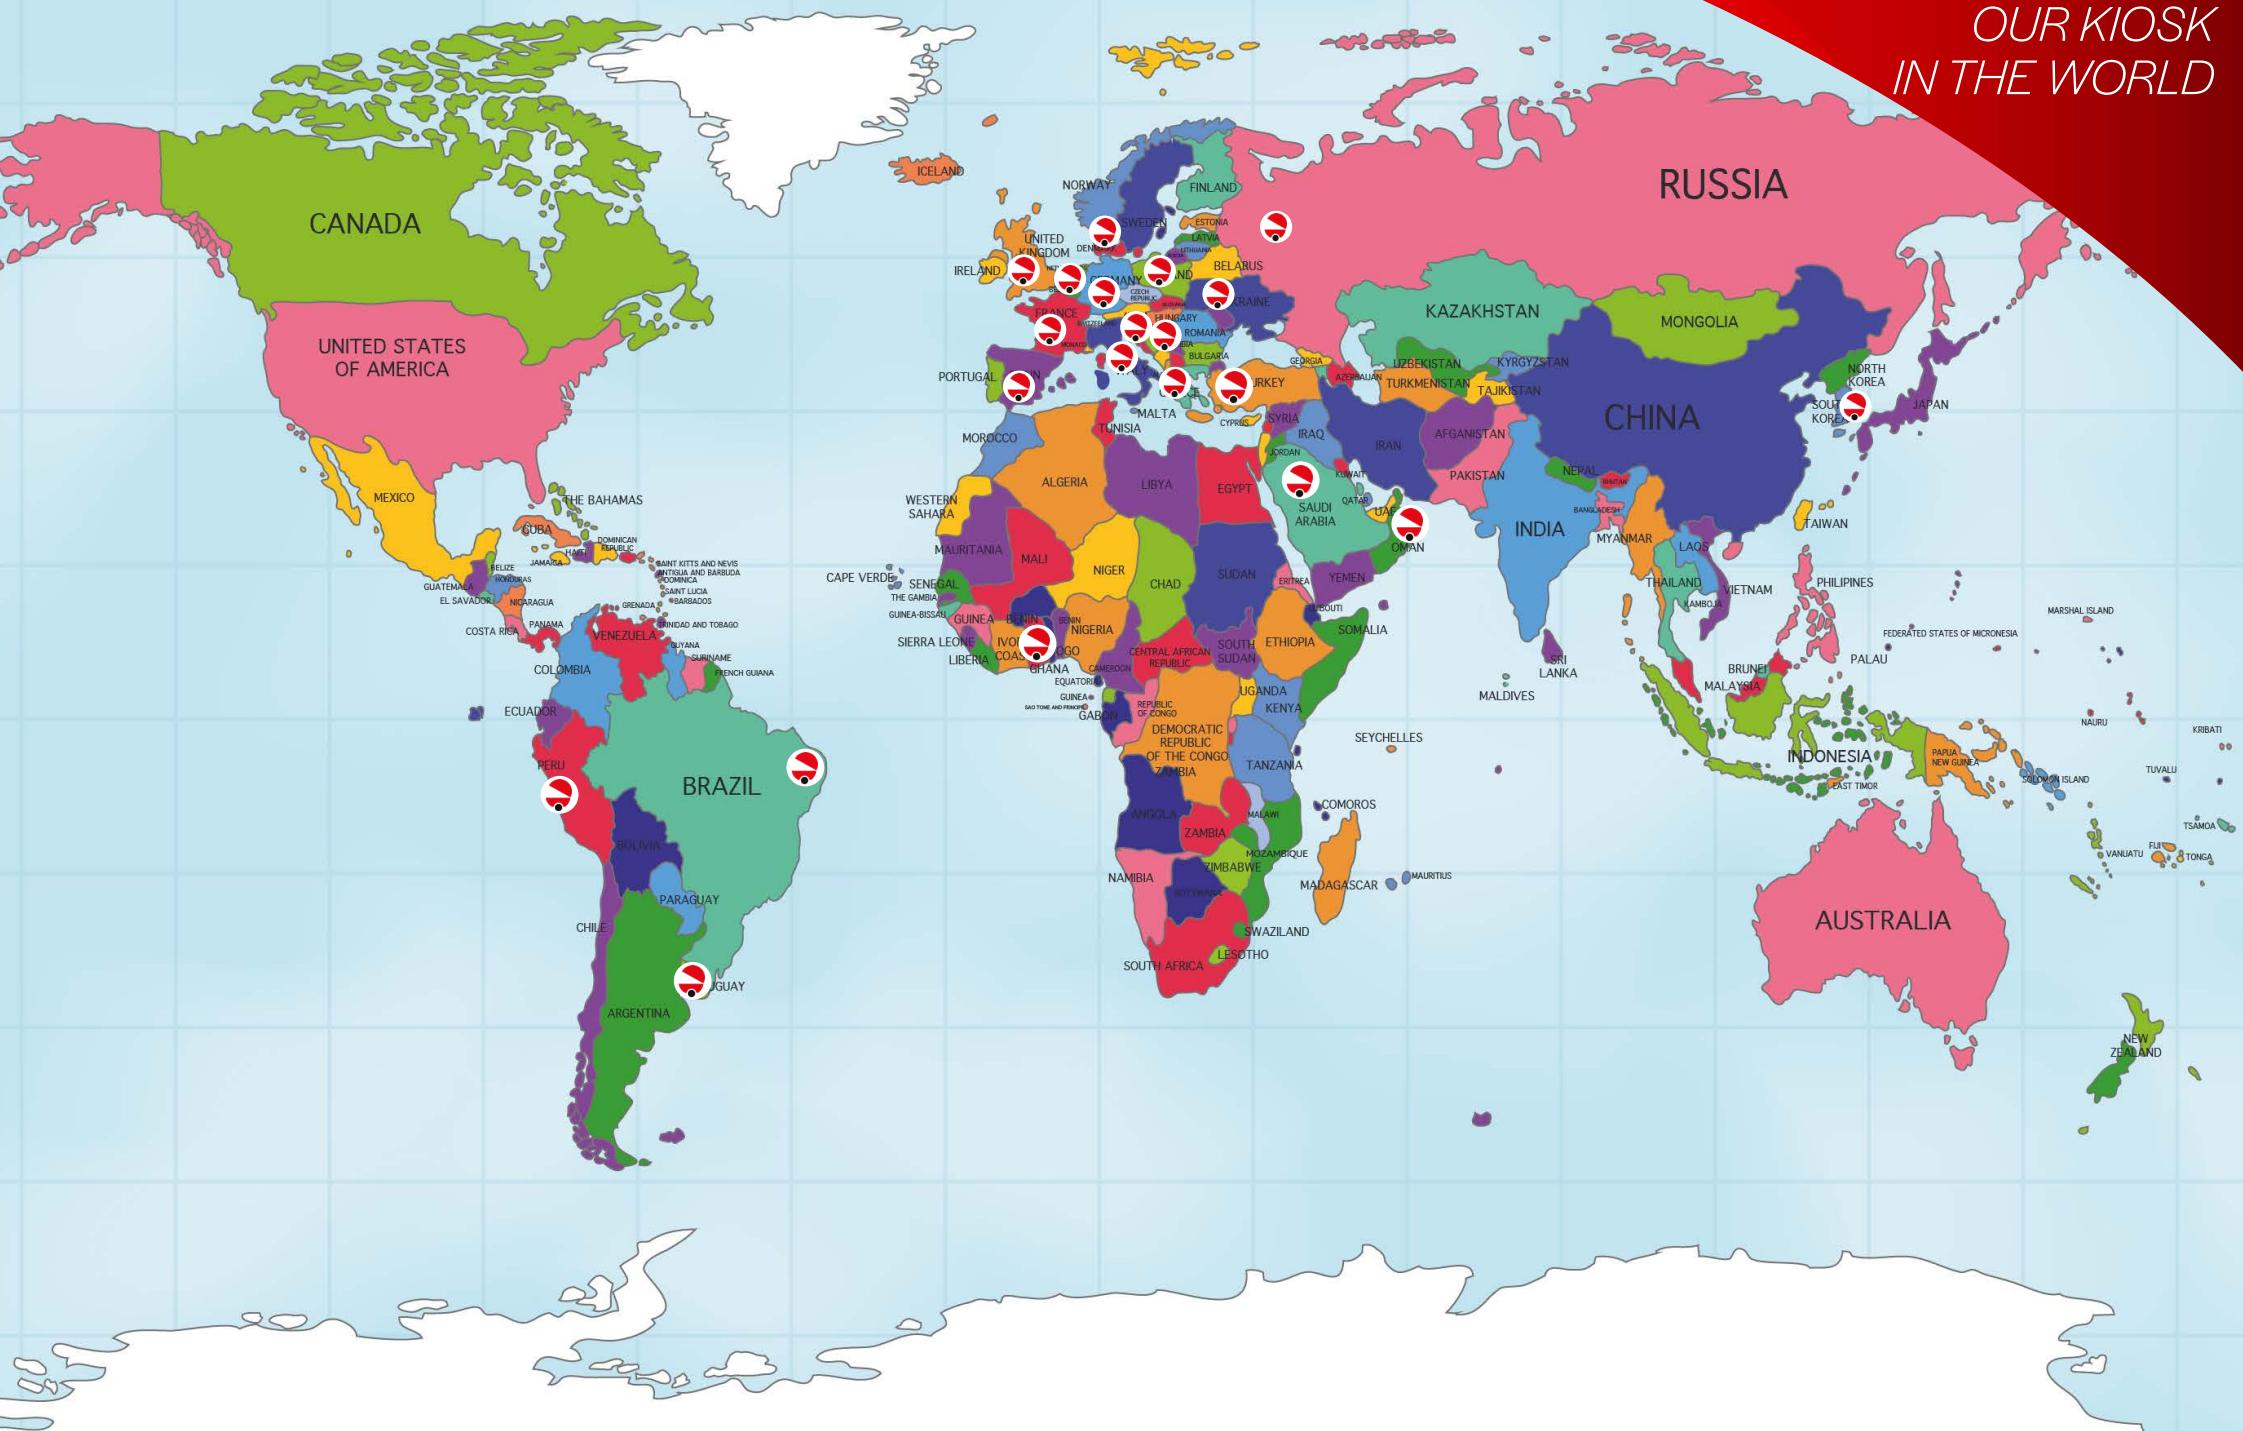

In arrivo la linea "Delight" con il lancio dei chioschi Delight 2, Delight 3 e Delight 5.

.....

The "Delight" line is coming with the launch of the Delight 2, Delight 3 e Delight 5 kiosk.
